Here is a really good example of a scholarly research critique written by a student in EDRS 6301. The student who submitted this paper last semester earned a 100 on his critique. The content of the paper is right on track. A succinct summary is provided in the first paragraph. This paper would have been even better if...

Scholarly Article Critique Student Example

example, a threat to both internal and external validity would be the sample selection process. The sample did not appear to come from a random selection process, which is a threat to internal validity. This flaw in the design caused an external threat to validity since the results could not be generalized to a larger population.
